Creativity Mindshift

Our minds crave a break from the everyday routine and often need to shift into another mode of thinking. Mindshift Teams will use their imaginations to innovatively solve 4 mini challenges. All teams are encouraged to create their own team banner upon completion of the 4 challenges.

Each of the challenges can be solved in a variety of ways. Teams will be scored on creativity, risk-taking, and teamwork.

Participants may register as individuals or as teams. Teams consist of 5—7 team members. Teams with less than 5 team members may have individuals assigned to their teams at the event. All individuals and teams must preregister for this event.

Teams will participate in one of three grade categories: K-2nd Grade, 3rd– 5th grades,, or 6th—8th grades. Teams that have members in more than one level will participate in the level of the oldest team member. Individuals will be assigned to teams at the event.

Every participant must be accompanied by an adult. An adult may be responsible for more than one participant, however, that person is responsible for making sure that those participants are supervised and safely returned home to the care of their parents.

Note to *Creativity Mindshift* participants:

Teams are required to solve the challenges without the help of parents or supervising adults. All supervising adults will be warned that they may not “rewire” the solution with their input or interference

What is Montana Destination Imagination?

Destination Imagination prepares Montana's kids to be innovators of the future by combining the arts, sciences and technology with creativity, teamwork, and problem solving techniques.

Students learn collaboration, communication, critical thinking and creativity skills in a fun and competitive atmosphere. Working with open-ended, educationally based challenges, teams work from imagination to innovation to implementation with the guidance of an adult team manager and Montana Destination Imagination. Any student in Montana may form a team and compete in the regular Destination Imagination program.

The *Creativity Mindshift* is a one evening event presented in the creative competition style of the regular Destination Imagination program. Although we encourage students and parents to learn more about Destination Imagination, participated in the *Creativity Mindshift* event are NOT obligated to participate in the regular Destination Imagination program.
