

Foam Tower

Challenge: The team must create a tower that is as tall as possible out of the available materials

Time: The team has five minutes to plan and construct their tower. The team may elect to call "time" early if they wish.

Materials: 2 cans of shaving cream

30 soda straws (with wrappers)

1 sheet of 8 1/2" x 11" paper

Tip: To facilitate clean up have them build the tower on a large garbage bag or area covered with newspapers.. Remind them the garbage bag or newspapers are not to be part of the tower.
